SKILLS

- Technical Skills : Python, C, C++, SQL, Data Structures, NLP, Machine Learning Basics, Data Analysis
- Tools & Technologies : Microsoft Excel, SQL Server, Git, GitHub, Visual Studio Code
- Soft Skills : Problem Solving, Analytical Thinking, Teamwork, Communication, Collaboration, Time Management

PROJECTS

AI Chatbot Using NLP

April 2026

- Developed an AI-based chatbot to automate responses for Frequently Asked Questions (FAQs) using Natural Language Processing techniques.
- Implemented text preprocessing, keyword matching, and response generation using Python.
- Improved user interaction efficiency by providing instant automated responses.
- Tech Stack: Python, NLP, Basic Deep Learning Concepts

Employee Performance Analysis System

January 2025

- Built a data-driven employee performance analysis system to evaluate KPIs such as attendance, targets, and ratings.
- Performed data analysis and generated performance insights using Python and Excel.
- Designed reports to help improve employee evaluation and decision-making processes.
- Tech Stack: Python, Excel, Data Analysis

EDUCATION

LPU University

Masters of Computer Applications - 7.67 GPA

Expected July 2027

- Artificial Intelligence & Machine Learning

DR. KNMIET

Bachelor of Computer Applications - 8.53 GPA

Graduated August 2025

CERTIFICATIONS

Data Science and Analytics — NASSCOM Foundation
